2. It is a distinct honor to be selected from among employees throughout the Agency, and as Chairman of the Training Selection Board, I wish to convey my congratulations to these gentlemen when you notify them of their selection.

3. Being a good representative of the Agency is an important aspect of attendance at these senior schools, and it is my recommendation that if the individuals have not already been enrolled in either the Clandestine Services Review or the Intelligence Review course that they make every effort to do so prior to their attendance at these schools.

4. I expect the Office of Training to present a short training course next summer that will be specifically designed for these selectees. Further details will be forthcoming when plans for this course are firm. A member of the Registrar's Staff, Office of Training will

contact the individuals selected later to schedule briefings and to take care of all administrative details necessary.

5. The members of the Board found it extremely difficult to recommend to the Director of Central Intelligence only a few from the many highly qualified nominees, and I want to emphasize that nonselection reflects in no way adversely on the ability of the applicants.
